<sup>a</sup>A standard 8 oz measuring cup holds approximately 4 oz (0.25 lb) of cat food.

<sup>b</sup>50 weeks of age or older.

Start kittens on Barn Cat Food between 3 and 5 weeks of age. If preferred, moisten with equal parts of milk or water. Kittens will eat approximately every 4 hours. Feed them all they want. At 4 to 5 months of age change to 2 feedings per day. Have fresh water available at all times.

The suggested feeding program is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the animals' requirements.
